

EXPRESS

THE MOST EFFICIENT MICRO-MARKET & PRE-KIT BODY

DEDICATED VENDING BODY OPTIONS

No vending body on the market offers the flexibility that a Hackney can deliver. Choices include various cooler options, adjustable shelving, safes, and lighting packages.

ROLL-UP SIDE DOORS

Side roll-up doors provide quick access to your product. Avoid large, swing-out doors used by competitors that requires extra space to open and are subject to increase failure.

LOW LOAD AND RETRIEVAL HEIGHT

Drop step ergonomic design allows for lower load and retrieval heights.

REAR MOUNTED HAND TRUCKS

Convenient access to hand trucks further reduces route times.

RE-MOUNTABLE

Hackney bodies are routinely re-mounted and re-conditioned when the life of your first chassis is complete. Durability means lower maintenance and extended service life.

DROP SKIRT DESIGN

Hackney's drop skirt design not only gives a streamline appearance, but provides a slip-resistant, built-in step rail to safely reach those higher shelves.

COOLER OPTIONS

To accommodate the growing number of juice, chocolate and cold products, Hackney offers various cooler options and sizes.

SECURITY

Hackney's exclusive lock design has been a staple in the beverage industry for decades and keeps your inventory safe and secure.
